Dear Member

Not much to report this week but this is the latest news.

Boat

The boat we moved at the last work party from Nant to Avich was not a good choice. I had to pick one at random and got it wrong. The boat has a bad leak and will need to be replaced ASAP. I was hoping that it was just a bung problem but it is not. If there are any volunteers for a work party on Sunday August 9th please let me know. The plan will be to take Anna on the trailer down to Avich and replace the leaky boat. I dodged the showers last weekend and fixed the worst of the leak on Anna's deck and then the rain stopped play before I could deal with the second and less severe one. I should have done this by Sunday so Anna can go back to Avich from the hut and the RH Avich boat brought back to the Hut compound. I will be able to spare the time to fix the leak but I cannot spare the time for the work party. So it needs someone with a 4 x 4 and tow bar who can spare the time plus at least two others to recover the leaky boat. They will also need to have a hut key and know where the compound keys are kept.

WhatsApp

If you are a user of messaging app WhatsApp you may like to join a group we have created for quick questions, reports, invitations to fish etc. Feel free to add yourself using this link:

<https://chat.whatsapp.com/CFCWIBSf58o6EBUZsiC8Uq>

There are times when Whatsapp can achieve things not possible with email. Give it a try and if you don't like it, leaving the group only takes a click.

Loch Dhu Mhor Forest Road

Harvesting operations on this road have left it very rough and risky even for a 4 x 4. One of our members found a sharp rock and burst a tyre on it. Be warned that this road is now very hard to pass so make sure you have good ground

clearance and expect difficulties even if your vehicle is off-road capable.

I have had no fishing reports this week, so I hope that means everyone is too busy fishing to send me any.

Regards

Jonathan
